Dear Parents

Please be advised that due to predicted rainy weather, we recommend sending your ward to school with appropriate rain gear (raincoat/umbrella and bag cover) to ensure their comfort and safety.

Also, if your child uses a school bus or private van transportation, their routes may be delayed due to heavy rain, water logging and traffic congestion. So, please ensure sending some extra eatables with your ward.

- Transport users are also informed to use the school washroom before boarding to ensure their comfort during the commute.
