CBSE ACTIVITY - Dolphin Conservation Awareness Programme 🌐 🌐

Dear Students,

The " Project Dolphin " launched on 15th August 2020, aims to conserve both riverine and marine dolphins across India. As a part of this initiative, the Government of India is organizing Dolphin Conservation Awareness activities nationwide for which our school appeals all students to participate in Tomorrow's (10.07.2025) activity and understand the importance of dolphin conservation and protecting our marine ecosystems.

Activities 🙌

1. PS - XII : 🙌 Pledge – Join hands to take a pledge for the protection of dolphins and marine life.
2. PS - VIII: 🎥 Awareness Video Screening – Learn about the vital role dolphins play in our ecosystem.

Let's come together to become responsible eco-warriors and make a difference!

Regards
RHPS ECO CLUB
